Growing, Loving, Serving

Each week, this section will have an activity kids can do by themselves OR you can do it as a family! These activities will be something you put on your front door or windows or even sidewalks or driveways. Let Kelsey know you did this activity. Over the summer, see how many of us are still connecting with our faith and with Grace even though we are distanced.

We Are Family

Weekly Resources:

- Neighborhood Scavenger Hunt
 - o <https://birthdaypartyideas4kids.com/scavenger-hunt-walking.html>
- Card Making for Family Members
- Family Game Night!
- Movie Night: Pocahontas
 - o Discussion Questions: Who does Pocahontas see as her neighbors? How does she treat them?

Adult Space

Sacred Space

This is the section that will help you bring a little bit of church into your homes. Here we will help you create a sacred space for your family in this time of distancing. Start this week by picking a place you want to have your sacred space. In the living room or dining room? Some place you can always see it and it is accessible to everyone.
