Growing, Loving, Serving

Fire! Draw some flames and put them on your door, letting others know that the Holy Spirit moves about your home!

<https://www.sarajcreations.com/2018/05/pentecost-stained-glass-craft.html>

Please remember to let Kelsey know that you are participating so she can drive by and take photos to show off your drawings!

Sacred Space

For the rest of our time together this summer, we will be learning about crisis workers as our neighbors. For this week, bring a candle to the table. A battery candle would be the best but if it is a real candle, talk about fire safety first. Light the candle and sit around it, looking at the flame for about 30 seconds and just listen, listen to God and where the Holy Spirit is guiding you.
